The President
CCT Ghana
Accra

Dear Sir,

GESOPS Member Union Virtual Engagement: Coalition of Concerned Teachers Union

The GES Occupational Pension Scheme (GESOPS) is an Employer Sponsored Occupational Pension Scheme licensed by the National Pension Regulatory Authority (NPRA) in 2012 to manage the Tier 2 Pension Scheme for all educational sector workers on government payroll in the country.

As part of its annual plan to reach as many members as possible, the GES Occupational Pension Scheme Secretariat will be embarking on a virtual training exercise for all Member Unions (GNAT, NAGRAT, CCT Ghana, TEWU).

The training is to inform and educate members on the benefits of the three-tier pension scheme under the Pensions Act (ACT 766) as amended, how they as members can derive the maximum benefit from the pension structure or the Scheme as well as address questions members may have with respect to the Tier 2 Scheme.

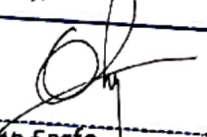

The date and time scheduled for CCT Ghana's virtual training is December 9, 2022 at 2:00 PM. The Secretariat through your distinguished office will want to invite all CCT Ghana members to participate in this exercise.

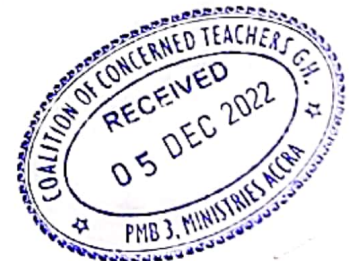

The link to the meeting will be sent to your office on December 7, 2022.

Kindly find attached the program line up for the training sessions.

We count on your usual co-operation.

Yours truly,

Okyeame Serey
Secretariat
(Head of Secretariat)
